Great is the Lord, and greatly to be praised; and his greatness is unsearchable." (Psalm 145:3)

This was the verse of the week for last week. Christians must, always, keep at the very center of their faith this deep conviction that God is great.

Theologically, we are referencing the omnipotence of God. Our God is all powerful. This is reassuring at every stage of the Christian journey, especially in challenging times like these.

The text calls us to praise our great God greatly. Praise is an adoring response to God for what He has done, is doing and will do. It involves

our entire being—body, soul, and spirit. It is rooted in love and qualified by reverential fear. Still further, it produces changes in our lives as well as our circumstances.

Praise is neither self-centered nor problem centered. Praise is God-centered. Because praise is God-centered, it is a powerful weapon that we can use in spiritual warfare. Understandably, praising God results in the release of Divine energy. And when Divine energy is released, miracles take place. Red Seas are parted, mighty armies are defeated, chains are broken, and prison doors are opened.

It is time to praise the Lord greatly!

LIVING THROUGH COVID-19

Today, we begin the process of sharing with you some personal stories covering the above. It is hoped that these stories will inform and inspire you.

CHRISTIAN CHAMPAGNE

My Coronavirus experience was difficult. It was difficult because I couldn't do the things that I normally do. I couldn't go to school or go outside. It was hard to change everything that I do. When I look on the news and see how many people have died and how many have been infected, it scares me because I don't want to get it.

LIA PERRY

The COVID-19 pandemic has definitely made me more aware of the ongoing issues the entire world is facing and its devastating effects on thousands of individuals. Everything has rapidly changed, especially schooling. Now, I have to resort to online learning and it has been quite a struggle initially, and I am still adjusting. I miss being around my friends and being in an academic environment surrounded by my peers. Thankfully, since this pandemic has begun, I have been blessed to have all of my family and friends still alive and in good health. In addition, it has really pushed me to have more faith in God, for all of this chaos is out of the hands of the government, and now into God's hands. Knowing this, He will keep me safe and sane in the midst of this insanity.
